Q: Is the title absent arbitration policy still in effect? **[UPDATED]**

A: Due to the closure of DMVs across the country at the onset of COVID-19, title absent vehicles purchased on or after March 1 were not eligible for arbitration based on the title being absent at the time of sale. With the reopening of DMVs nationwide, beginning July 1, Manheim reinstated its standard title absent arbitration policy.

New DMV closures as of November 20th have affected Title Absent Arbitration policies in some areas. During this time, clients who purchase vehicles with a 'title absent' status at the locations listed in the chart, will not be able to file a title arbitration claim until the new policy date effective November 23. The chart below aligns the vehicle purchase timeline with the date in which the policies apply.

A: Delivery and pickup of vehicle inventory will be based on local staff availability and if local ordinance permits. Please verify gate hours on our location status page prior to coordinating transportation.

Q: How can I coordinate picking up no-sales from the sale, or process vehicle redemptions?

A: The redemption process will still be supported, but only by scheduled appointments in a secure location based on local staff availability. Contact the auction to coordinate any no-sales needing to be picked up prior to coordinating transportation.

Visit the DealShield website to apply for coverage.

Q: Can I still order a PSI for my purchases?

A: A post-sale inspection (PSI) may be available to buyers of qualified units, depending on the location of the vehicle. PSI provides a hands-on inspection to inform dealers of the current mechanical state of the vehicle. Inspection services at some locations may be limited at this time. Check the [location status page](#) to see if the location you plan to buy from is currently providing inspection services.
