**Q: What if I am a seller running units in the sale? Am I able to rep my units on-site at the auction?**

Please note that clients have been extended a grace period until May 15 to pay any outstanding invoices prior to being assessed a late fee.

**Q: How will seller proceeds be handled?**

A: Checks will not be available for in person pickup at the auction. Seller proceeds will be dispersed based on your seller profile, however physical checks will continue to be mailed. ACH and automatic checks will be dispersed through the normal process. Please review these [steps](#) to set your account for automatic payments so you can receive your proceeds.

**Q: How will arbitration claims be handled?**

A: All arbitrations can be handled online. On [Manheim.com](#), go into My Purchases to start the arbitration process for any vehicle that is eligible, no matter of purchase location or channel.

**Q: Will there be modifications made to Arbitration guidelines?**

A: With the exception of Title Absent policies for some locations, all other arbitration rules and regulations remain in place as established per NAAA.

**Q: Is the title absent arbitration policy still in effect?**

A: Due to the closure of DMVs across the country at the onset of COVID-19, title absent vehicles purchased on or after March 1 were not eligible for arbitration based on the title being absent at the time of sale. With the reopening of DMVs nationwide, beginning July 1, Manheim reinstated its standard title absent arbitration policy.

New DMV closures as of November 20th have affected Title Absent Arbitration policies in some areas. During this time, clients who purchase vehicles with a 'title absent' status at the locations listed in the chart, will not be able to file a title arbitration claim until the new policy date effective November 23. The chart below aligns the vehicle purchase timeline with the date in which the policies apply.
