

BETTER INFORMATION MAKES A WORLD OF DIFFERENCE

We're offering more detailed Manheim Express Condition Reports to help you make smarter digital buying and listing decisions. Thanks to dealer feedback, we've improved our Inspections and CRs.

GREATER CONFIDENCE FOR BUYERS

- Updated and enhanced CRs on Manheim Express listings provide more details around severity, size and location of damages
- Every digital purchase is backed by our Digital Buyer Protection

EXPANDED AUDIENCE FOR SELLERS

- Dynamic questions based on the type of vehicle lead to improved CRs
- When sellers are able to provide more and better information, it increases buyer confidence and expands the buyer audience

OUR MISSION IS YOURS.

A BIG WIN/WIN FOR BUYERS & SELLERS

Our new inspection solution offers a more flexible, guided experience that saves time and delivers a more in-depth CR. Here are some of the new features:

FILTERING

When creating a CR, questions are generated based on info specific to a particular vehicle making the CR more relevant to buyers & sellers. For example, “is a charging cable present” is only asked if it’s an EV.

MULTI-SELECT

Allows for more than one answer to a question to make the CR clearer to buyers. For example, a hood can have a dent and prior substandard repair, rather than just a damaged hood.

FREE-FORM TEXT

Additional context can be added to items uncovered during the inspection to help dealers make better listing & buying decisions.

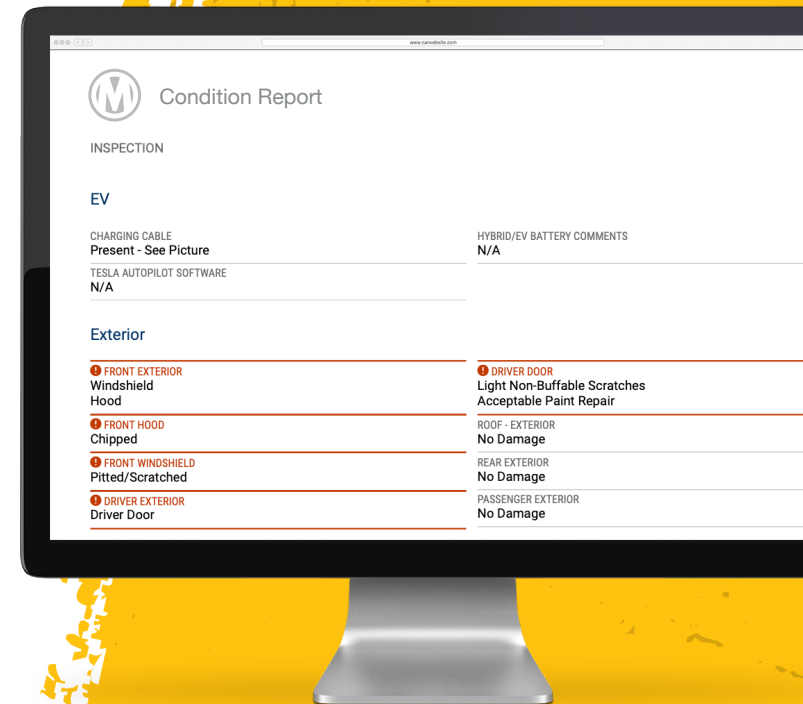

SEARCH INVENTORY

NUMERIC ENTRY

A quantity can be selected for some items making it easier for buyers to understand the extent of the damage, like the number of dents.

NESTED QUESTIONS

Some inspection questions are asked based upon the answer to previous questions, driving efficiencies in the inspection and the resulting CR.

OUR MISSION IS YOURS.
