

GET READY FOR READY + 2

We're enhancing Digital Buyer Protection with a new arbitration extension to boost client confidence and satisfaction. Get the power of Ready +2 when you use Ready Logistics for your digital purchases in the Manheim Marketplace.

HOW DOES IT WORK?

We extend protection for 2 days after a vehicle arrives when the delivery takes more than 10 days.

That means you can move with more confidence.

OUR MISSION IS YOURS.

The Arbitration Extension Policy applies to vehicles purchased online and delivered through Ready Logistics outside of the ten (10) day NAAA arbitration timeline window. Manheim will extend the arbitration window to give buyers two (2) additional days from the delivery date to file an arbitration claim. Buyers must order Ready Logistics, and the vehicle must be ready for release within two (2) days of sale. All arbitration claims must comply with NAAA Arbitration Policies. Offer only applies to online purchases delivered by Ready Logistics. For more information, please see our Digital Buyer Protection rules and other restrictions. Manheim Marketplace Policies apply.
